

## Patient Assessment Form (PAF) and Healthcare Quality Patient Assessment Form (HQPAF) Signature Log

The Centers for Medicare and Medicaid Services (CMS) documentation guidelines require providers to clearly document the date of the visit, their signatures and credentials on all medical records.

Validating signatures documented on medical records is an important step in the Patient Assessment Form (PAF) and Healthcare Quality Patient Assessment Form (HQPAF) submission process. To help us validate provider signatures, we have included a signature log for you to complete while preparing your PAF/HQPAF submission. Each signature log should list all licensed providers who document information on patient medical records (i.e., physicians, physicians' assistants and nurse practitioners).

Complete	the	signature	log	as	follows:
----------	-----	-----------	-----	----	----------

Type or print the provider's name in the "Provider Full Name" column (MD, DO, NP and PA only)
Each provider should enter his/her legal signature, full name and credential (MD, DO, NP, PA)
The "Actual Chart Signature Variations" column should indicate all possible ways the provider would sign the
medical record including full signature, initials, first initial last name or electronic signature
