# Health care built around you

## We specialize in choice.

When you join us, you're part of a robust, integrated care system. Through our network, your client can choose from **hundreds** of primary and specialty care providers and a broad array of hospitals. Through OptumCare, new specialty care groups are here for you, including Cancer Care, Lung and Allergy Care, Orthopaedics and Spine, and Primary Care.

## We're ready to see you.

Great health begins with access. That's why we offer a large network of doctors to help you get the right care at the right time. It also makes it possible to build a strong relationship with the physician of your choice.

## Your insurance plan plays an important role.

To see a doctor who's part of the OptumCare Network, first consult your health plan. In Nevada, five Medicare Advantage plans give you access to the OptumCare Network:

- **UnitedHealthcare Medicare Focus (HMO)**
- **UnitedHealthcare AARP® MedicareComplete® (HMO)**
- **UnitedHealthcare AARP® MedicareComplete® Premier**
- **Anthem MediBlue Coordination Plus (HMO)**
- **Anthem MediBlue Plus (HMO)**

Once you've selected your plan and network, you're ready to choose a primary care provider who's part of OptumCare.

## Here's how it all comes together.

Your health plan. Your network. Your doctor. They all work together for your good health. Here's how.

### Health insurance plan

The health plan pays the cost of your medical care. This can include:

- Medical benefits
- Behavioral health
- Prescription drug coverage

Through your health plan you choose a medical network and doctor.

### Medical network

You choose your medical network through your health plan. The medical network gives you access to your doctor, hospitals and other health care providers.

This can include:

- Hospitalization
- Urgent care
- Specialist referrals
- Case management
- Lab services
- X-ray services

### Your doctor and health care team

You select your primary care doctor through your medical network. Your doctor works with your medical network and health plan to keep you feeling your best.

Southwest Medical®

Part of OptumCare®

Southwest Medical®
Part of OptumCare®

Founded in Las Vegas in 1972, Southwest Medical, part of OptumCare, is one of Nevada's largest multispecialty medical groups, with over 375+ local healthcare providers in 36 medical healthcare centers. Services include specialty departments, six Urgent Care centers, seven Convenient Cares, two outpatient surgery centers and two lifestyle centers catering to senior adults. And patients benefit from our investment in industry-leading technology, such as emailing your provider with an e-visit and other online tools including the NowClinic® telemedicine platform.

## Patient-Centered Care

At Southwest Medical, we practice patient-centered care. This means you will know your dedicated care team, and they will know you. We are all digitally connected, so anyone on your health care team can access the health information necessary to better serve you. Southwest Medical has also created many ways to ensure you have access to the care you need, when you need it. More than that, we're committed to keeping you engaged, active and vibrant.

## We are part of your team.

Your team is headed by your primary care physician. He or she works in concert with other doctors, highly skilled nurse practitioners and physician assistants, giving you greater access to healthcare providers. It personalizes your care and increases the quality time you spend with Southwest Medical professionals.

Your team will make each visit as efficient and friendly as possible. And we'll work with you pre- and post-visit to ensure all labs and tests are done, prescriptions are picked-up and you have everything you need to get the care you require. Additionally, we use electronic medical records so you and your entire team are always completely informed and on the same page. It's real-time communication that provides continuity of care.

Whether you're not feeling well or it's time for a preventative visit, with a whole team on your side, it's easier to get an appointment when you need it. It's our goal to keep you as healthy as possible and provide a clear explanation of your care plan at every visit.

Innovation, quality and compassion are all part of the Southwest Medical promise. And to deliver on that promise, we offer the following services:

## Specialty Care – The Right Care For Your Health Needs

Southwest Medical has seven specialty departments and OptumCare has four that care for patients with certain medical conditions. These specialty teams help you stay healthy by giving advice and treatments to manage your health conditions.

---

### Allergy – OptumCare
We provide expert advice and treatment for patients with allergies and other conditions related to allergic reactions.

### Breast care
If you or someone you love is affected with breast cancer, our Breast Care Program could be the right place to deal with breast cancer's emotional and physical challenges. Our staff can assist you with everything from pre-operative counseling to coordination of care.

### Cancer care - OptumCare
We offer patient-centered care in a professional and compassionate setting. Our goal is to provide every patient and their family with top-quality care in their fight against cancer while treating them with the respect and compassion they deserve.

### Cardiology (heart care)
If you are coping with heart disease, our skilled cardiology team offers advice, screenings, testing and monitoring. We were the first in Nevada to use state-of-the-art machines to give heart tests in as little as two minutes.

### Endocrinology
We provide advice and treatment for problems of the hormone-producing systems (endocrine disorders) in adults. These include diabetes, thyroid conditions and disorders of the glands. We have a team of doctors, nurse practitioners, certified diabetes educators and registered dietitians. They can teach you about controlling blood sugar, using insulin pumps and healthy eating.

### Gastroenterology
Southwest Medical specializes in diagnosing and treating stomach, colon, intestine, esophageal and liver disease. We also diagnose and treat hepatitis C. We perform tests that look at the large intestine (colonoscopies) and screen for colon cancer (sigmoidoscopies). We also use a camera to look at your stomach through your throat (endoscopies).

### Neurology
Our specialists see patients with health brain, spinal cord and nerve problems. We also look at the electrical activity of muscles with tests called EEG/EMG.

### Orthopedics and spine - OptumCare
Our pain management specialists will help you cope with short-term, long-term or cancer pain conditions. We can diagnose problems, recommend treatments and help you manage your pain medications.

### Pain management
Our pain management specialists will help you cope with short-term, long-term or cancer pain conditions. We can diagnose problems, recommend treatments and help you manage your pain medications.

### Podiatry (foot care)
Southwest Medical's podiatrists (foot doctors) and podiatric hygienists handle everything from injuries of the foot and ankle to diabetic foot care.

### Pulmonology (lung care) - OptumCare
Our lungs play a crucial role in helping us breathe. Issues can occur, limiting the amount of air that reaches the lungs. This can be caused by illness or disease in the airways, lung tissue, cardiovascular system or from neurological or muscular conditions.

# NEW THIS YEAR!

## NEW
### Expanded Senior Offering

## Senior Dedicated Clinics

### Introducing Six Dedicated Senior Care Locations

Staying healthy is always good, but laughing, learning and meeting others is even better! The OptumCare Network of Nevada is proud to introduce **SIX SENIOR-ONLY** care and Lifestyle locations dedicated to serving our Medicare Advantage patients in a highly coordinated approach. Providers and staff in the Southwest Medical Lifestyle Centers (soon to be OptumCare Community Centers) offer both care and social opportunities in two locations. Additionally the care teams offered through our Neighborhood Care Program are highly trained geriatric specialists delivering a wraparound care approach to help patients achieve the best possible health outcomes.

## Two Lifestyle Centers

The SMA Lifestyle Center (soon to be OptumCare Community Center) is just another way we are caring for seniors. We provide both a medical and social component to care for your overall well-being, as well as offering two locations, on the east and west sides of the Las Vegas Valley:

### The SMA Lifestyle Center - East

5820 S. Eastern Ave., Suite 100
1-702-797-2353

**Hours:**
Medical services:
Monday–Friday, 7 am– 5 pm

Social club:
Monday– Friday, 8 am– 5 pm

### The SMA Lifestyle Center - West

8680 W. Cheyenne Ave.
Social club: 8670 W. Cheyenne Ave., Suite 105
1-702-750-3425

**Hours:**
Medical services:
Monday–Friday, 7 am–5 pm

Social club:
Monday–Friday, 8 am–5 pm

## Social Club

Our two SMA Lifestyle Centers offer older adults a place to laugh, learn, and stay healthy. From free health presentations to a variety of fun, social activities, these modern senior centers are great ways to get active and meet new friends. Social activities at our Lifestyle Centers are open to all seniors. Visit **SMALV.COM** to view the monthly calendar of events.

## Medical Services – Annual Wellness Exams

Southwest Medical knows the importance of keeping up with your health care. That's why we offer an annual wellness exam for our senior patients.
The extended annual wellness exam is a full comprehensive physical exam performed by providers who are experienced in caring for seniors. You'll spend up to an hour with our health care team, giving you the opportunity to ask questions. This helps us get to know you and your medical history. As part of the exam, you may receive tests based on your individual needs, such as an EKG test, a pulmonary function test, a bone mineral density test or glucose monitoring. We can also update your medications for you.
Although the social activities and seminars at The SMA Lifestyle Centers are open to all seniors, you must be a member of the OptumCare Network of Nevada in order to take advantage of the medical services provided. To schedule an appointment, please call 1-702-877-5088.

## Four Neighborhood Primary Care Clinics

This program offers complete coordination of care by a team that is dedicated to managing your well-being. We'll work to deliver the care you need, where you need it, in a way that's simple and convenient.

As an exclusive part of this program, you'll enjoy direct access to your Neighborhood Primary Care Team.

### Neighborhood Primary Care Program

Your neighborhood care team works together to develop a comprehensive plan of care that will help you:

- Understand your illnesses and treatments
- Develop and maintain your healthcare goals
- Manage your referrals
- Understand and manage your medications
- Navigate your recovery and care after release from the hospital
- Decide if palliative care or other specialized programs are right for you

## Senior Dedicated Care

The Neighborhood Primary Care team will be in touch with you on a regular basis to make sure your healthcare needs are met. Plus, they're available to you 24 hours a day, 7 days a week by phone. Appointments take place at your nearest location, and based on your needs, we can come to your home if you are medically home-bound or bed-bound.

Neighborhood Primary Care has four convenient locations:

# Care When You Need It

## Urgent Care, Convenient Care and NowClinic telemedicine

Access to care is important, and when you're not able to get into your primary care provider or need care at that exact moment, we want to make sure you have options. Southwest Medical offers six **Urgent Care**, seven **Convenient Care** locations and **NowClinic virtual appointments** for conditions you need taken care of right away – **no appointments needed**.

Not sure which care center to go to? See the descriptions below to pick the care that best suits your needs:

### Urgent Care Centers

Choose Urgent Care when you have an illness or injury that needs immediate attention, but doesn't require a trip to the emergency room. This includes:

- Most fractures
- Ear infections
- Colds and other respiratory problems
- Sprains and strains
- Abdominal pain
- Vomiting and diarrhea
- Most cuts
- Most burns
- Back pain

### Convenient Care Centers

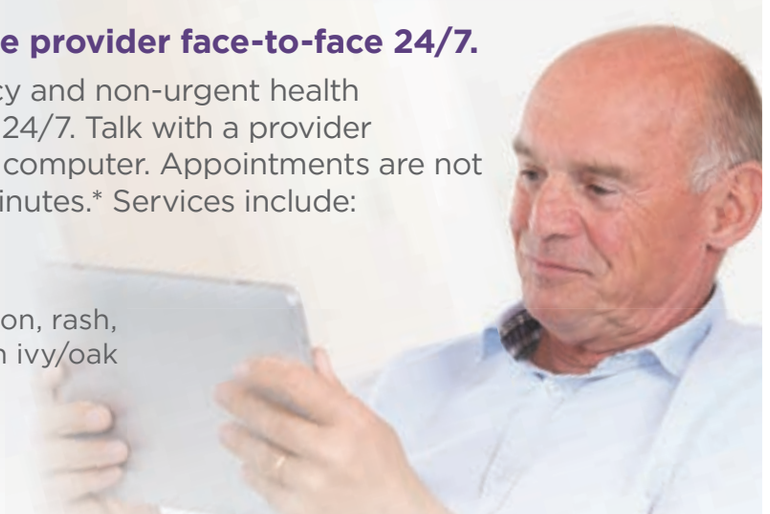
Choose Convenient Care walk-in clinics for non-urgent and non-emergency services, such as the kind you'd typically see your doctor for. This includes:

- Diagnostic lab tests
- General health screenings
- Minor wound treatment and repairs
- Minor illnesses
- Preventive care and some immunizations
- Blood pressure checks
- Treatment of minor burns and sprains
- Routine physicals and sports physicals

### NowClinic Telemedicine – See a healthcare provider face-to-face 24/7.

Choose NowClinic when you have non-emergency and non-urgent health concerns. See a healthcare provider face-to-face 24/7. Talk with a provider through video chat from a mobile device or your computer. Appointments are not necessary and the wait is typically less than 10 minutes.* Services include:

- Allergies
- Bladder or urinary tract infection
- Bronchitis
- Cough or cold
- Eye infection, pink eye or sty
- Fever, chills or runny nose
- Headache
- Laryngitis
- Nausea
- Skin inflammation, rash, shingles, poison ivy/oak
- Sinus infection
- Sore throat
- Viral illness



**NowClinic services may or may not be covered by your private health plan. If you have questions about coverage, please call 877.550.1515. Average time reported as of June 2015, but not guaranteed. The conditions treated are subject to NowClinic provider discretion and may require a visual interaction such as a webcam. Video may be required for prescribing.*

- Schedule, cancel or reschedule appointments
- Access your medical records and patient health summary
- Prescription renewals
- Email your provider with an E-Visit
- Make a payment on your account
- View referrals and prior authorizations
- Check-in for your appointment and pay your co-payment online with Express Check-in feature

Sign up today by visiting **SMALV.COM** and select "LOG IN" at the top of the webpage. Once you're on the login page, select "Create an Account" within the login box.

Southwest Medical offers a variety of programs to help manage various care and conditions. These programs include:

### Priority Access Program

You'll receive direct access to the Senior Care Unit at this dedicated phone number: 1-702-877-5088. This will allow you to get personalized access to your care team. You'll be able to make appointments with your primary care provider within one to two days, when needed.

### Annual Wellness Exams

We know that you want complete, thorough and personalized care. We take the time to listen to you and your health concerns with a 60 minute wellness exam. You and your provider can talk about your overall health that includes your fitness level, falls risk, hearing, sight and much more.

What to expect:

- We'll start the exam by going over your medical history and all recent diagnoses, asking several questions. We want to understand your current state of health as much as possible.
- Next, we'll take your vitals such as blood pressure and body mass index. We'll also complete a general wellness assessment to get a sense of your overall health.
- Then you will have the chance to ask all your health-related questions.
- You will also receive tests based on your individual needs. These may include heart tests, lung tests, a bone mineral density test or glucose monitoring.

### Falls Prevention Program

Our Falls Prevention Program provides you with the tools you need to help you improve balance during sitting, standing or walking activities. It's goal is to also help increase your general activity level and safety.

### Nail Trimming Services

Southwest Medical offers nail trimming services for patients who need assistance due to medical reasons. This service is performed by our senior clinical assistant. All you need is a referral from your primary care provider.

## Advanced Illness Program

Our Advanced Illness Program was designed for patients with diseases or conditions that are chronic, irreversible, and in the advanced stages. Our care managers work closely with the patient's primary care provider to lessen symptoms, improve quality of life, and assist with coordinating care.

## Breast Care Program

If you or someone you love is affected with breast cancer, Southwest Medical's Breast Care Program could be just the right place for you to deal with breast cancer's emotional and physical challenges. Our compassionate staff can assist you with everything from pre-operative counseling to coordination of care.

## Case Management

Our Case Management Program provides comprehensive care coordination that helps patients cope with complicated situations that will result in better quality of life. We provide complex, transitional, and guided care case management.

## Treatment Center

The Southwest Medical Treatment Center is staffed with skilled registered nurses that provide outpatient infusion therapy in a safe, compassionate environment. Some of the medications and services provided are IVIG, Remicade®, Solumedrol®, Tysabri®, and chemotherapies.

## Wound Care

Our Wound Care Program provides specialized care for chronic wounds from conditions related to diabetes, arterial and venous insufficiency, and pressure wounds.

# Health care built around you

OPTUM Care®
Network of Nevada

OptumCare looks for opportunities to engage with high-quality and visionary physician groups that are well-managed, primed for growth, focused on quality and foster a culture of innovation. One model of engagement we use is an Independent Practice Association (IPA) model, through which we develop a contracted network of providers to expand the capabilities of the group and increase the size of the population they serve. We often also expand existing groups/IPAs to adjacent markets through enhanced payer relationships and new contracted/employed physicians.
