Letter from our Chief Medical Officer

Dear home health partner,

Thank you for working with Optum Care Network–Arizona.

Whether you see one or many of our members, the care you provide is important to us and, even more, to them. We created this home health guide to help you. It covers Optum processes and requirements, and is intended to serve as a quick reference to answer common questions.

Optum Care Network–Arizona has developed programs and resources to help your patients and partners alike. Working together, we can move health care forward and benefit everyone.

Optum is highly engaged in the care of your patients. Our commitment is based on our company values, which are key to all we do. We know you also see the importance of these values in the work we do together.

Our values are:

- Integrity – Honor commitments. Never compromise ethics.
- Compassion – Walk in the shoes of people we serve and those with whom we work.
- Relationships – Build trust through collaboration.
- Innovation – Invent the future, learn from the past.
- Performance – Demonstrate excellence in everything we do.

We're excited to build and grow relationships that support the best interest of our members and their care. Your agency is instrumental in that effort, and we want to make sure you have the resources you need to succeed.

I look forward to working with you. Should you have any questions or concerns that aren't addressed in this home health guide, please call the Optum Center for Service Coordination (CSC) at [1-623-293-9775](tel:1-623-293-9775).

Sincerely,

Cary Schnitzer, MD, MMM
Chief Medical Officer
Optum Care Network–Arizona

Letter from our staff

On behalf of everyone at Optum Care Network–Arizona, I thank you for partnering with us. It is truly a team effort to deliver the highest quality care and safety for our members.

Health care is a complex business with many regulatory, compliance and contract-related components. We want to collaborate with you to make sure that both your agency and Optum Care Network–Arizona are in compliance with all requirements at all times.

This home health guide is a resource to help your staff understand and follow all requirements. As always, our team is available and willing to meet with you to review these policies, procedures, regulatory and compliance requirements at your agency.

We look forward to enjoying a long and successful partnership with your agency. Together, we will continue to achieve the highest standards of care in Arizona.

Thank you and best regards,

A handwritten signature in black ink that reads "Amy Ramirez". The signature is fluid and cursive, with the first name "Amy" and last name "Ramirez" clearly distinguishable.

Amy Ramirez, MSN, RN, CMCN, CCM
Director, Medical Management
Optum Care Network–Arizona

Hours of operation

Optum Care Network–Arizona Center for Service Coordination (CSC)

Operates 7 days a week from 8 a.m. to 5 p.m. (Arizona local time), including weekends and holidays.

Optum website

Our website, [optumcare.com](https://www.optumcare.com), provides contracted network providers and patients with access to timely information, updates and resources.

Patient website

On the patient portion of the website, existing and potential patients can explore the various services Optum offers. Features include:

- A community center page
- Information about fitness classes
- Health-related presentations
- Social events
- An up-to-date community center calendar
- FAQs to address the most common questions from existing and potential patients
- A provider lookup tool that allows patients to find primary care physicians, specialists and facilities in Optum
- A page where potential patients can request more information by mail or email
- Information about prior authorizations, urgent care locations, skilled nursing facilities and more
- Health-related news and articles on topics such as diabetes, cancer screenings and cardiovascular disease

Members can also access a secured patient portal to access their secure email authorization and claims information online.

Provider website

On the provider portion of the website, non-contracted physicians and other health care professionals can learn more about what it means to be part of Optum and the philosophies that guide our approach to care. There are also valuable work resources for the network contracted providers including:

- Prior authorization forms and electronic processing
- Home health and care coordination order forms
- Referral reference guides for various specialties, including locations for cardiac services, nephrology, and skilled nursing facilities
- User guide for creating an account for the Optum provider portal
- Coding tips and tools

Register for your account access at providers.optumcaremw.com/

Optum provider portal

About the provider portal

The Optum provider portal is designed specifically for our contracted providers. It offers provider offices access to key patient authorization and claims information online, along with other value-added services.

Using the provider portal, provider staff can:

- Submit referrals
- Verify patient eligibility
- Search prior authorizations and claims
- Send secure emails to our service center, utilization management, eligibility and claims staff
- Search for contracted physicians to refer patients for services
- Submit requests for prior authorization
- Submit notification of patient hospitalization
- Select data by TIN for multi-TIN providers
- Obtain reports and helpful forms
- Update their account profile and reset their passwords

The provider portal can be a great tool to help eliminate lengthy phone calls and faxes. It can also be of assistance if you are doing paperwork before or after normal business hours.

How to get access

To gain access to the provider portal, visit providers.optumcaremw.com If your office does not currently have portal access, you will need to designate an account administrator and have them create a new account. The account administrator will be responsible for creating and editing user profiles for your providers, as well as resetting passwords and editing accounts. Once the designated account administrator fills out and submits the registration form found under the "Create Account" link, your account information will be delivered via email in about two business days.

Language and hearing impaired assistance

Optum wants to make sure that all patients get their questions answered on topics like benefits, claims and prior authorization. For those that may need translation assistance, there is help available upon request and at no cost to your patients.

Language assistance

For patients that are more comfortable speaking to a bilingual service advocate, one can be assigned when the patient calls Optum, or we can bring an interpreter on the call to assist.

Hearing impaired assistance

There is also access to assistance for patients that are hearing impaired. Let your patients know that assistance is available by using their text telephone (TTY) or by dialing 711 from any telephone.

For more information, call Optum at [1-877-370-2845](tel:1-877-370-2845). The TTY 711 and language lines are open 24 hours a day, 7 days a week. The service center is available Monday through Saturday 8 a.m.–8 p.m.

Eligibility

The eligibility department receives patient information from the health plans on a daily basis. Once this information has been received, it is loaded electronically into the system.

This information is reviewed by the eligibility department staff to ensure that the eligibility data matches the information submitted by the health plans. Information is being constantly updated and revised as it is provided to Optum by the health plans.

Referral policy

Optum Care Network–Arizona members will need a referral from their primary care provider (PCP) to see a specialist, except for those specialties listed below.

Claims from specialists who provide services to Optum patients without a referral may be denied. The specialist may not bill members for these denied services.

When is a referral required?

Referrals help ensure that PCPs are aware of their patients' ongoing needs as part of managing their routine health and wellness.

- No referral is necessary for these specialties:
 - Behavioral health (Optum Behavioral Health)
 - Chiropractic, PT, OT, ST (Optum Physical Health)
 - Obstetrics and gynecology (OB/GYN)
 - Vision care providers
- Specialists who are not contracted require prior authorization

How to complete a referral

Our online portal makes it quick and easy. To see if a specialist is contracted with Optum Care Network–Arizona, or to complete a referral, please go to optumcare.com/provider-login.

Referrals to specialists will be auto-approved if completed on our web portal.

Prior authorization is required for any out-of-network services.

Please note that a specialist referral does not supersede the need for prior authorization for treatment or equipment except where applicable based on CMS regulations. If you have completed a referral for services that require prior authorization, you will be notified if further information is required.

How long are patient referrals valid?

- Evaluation and treatment referrals are good for **six months** from the date of issue
- At the end of the **six-month** period, re-evaluation by the patient's PCP and a second referral is required

If you have any questions, please call the Optum service center at: **1-877-370-2845**

For provider use only. Policy is subject to change. 70005B-042019

Dental services are not a covered benefit of Optum and is managed on a separate plan.

For more information, visit:

professionals.optumcare.com/resources-clinicians/library/arizona-referral-policy.html

Claims

ATTENTION: Office managers and billing managers

Provided in the following sections is key information for claim submission and re-submission to initiate claims payment.

Corrected claims can be submitted electronically by following the guidelines below:

Professional claims

- On the CMS-1500 form, enter frequency code "7" in the **Resubmission** field (box 22). The provider can enter the claim number in the **Original Ref No.** field, which is also in box 22
- In the Additional Claim Information field (box 19), add a note indicating the reason for the resubmission (i.e. changed CPT code, added a modifier, corrected explanation of benefit (EOB) was received, etc.)

Facility claims

- On the CMS-1450 form, in the **Type of Bill** field (box 4), enter frequency code "7."

This will indicate the claim is a corrected claim.

Claim submission

Optum preferred method of claim submission is electronic, known as Electronic Data Interchange (EDI). EDI is the computer-to-computer transfer of data transactions and information between trading partners (payers and providers). EDI is a fast, inexpensive and safe method for automating the business practices that take place on a daily basis. There is no charge from Optum for submitting claims electronically to Optum.

Health care providers must be compliant with version 5010 of the HIPAA EDI standards. The current format that is used is 837, ANSI x12.

- 837i – Institutional claims
- 837p – Professional claims

Submitting a claim

Our online portal makes it quick and easy.

Visit optumcare.com/provider-login.

For electronic submissions, use payer ID: **LIFE1**

Additional transactions performed by Optum:

- 997 – Functional acknowledgement (claim receipt acknowledgement via clearinghouse)
- For paper submissions, please review the following to ensure that your claim is received and processed accordingly.

Paper submission:

- Professional vendors must submit on a CMS 1500
- Ambulatory surgery centers preferred method of billing CMS 1450 with appropriate modifiers SG or TC
- Hospital and facility vendors must submit on a CMS 1450

Claim submission address

Optum claims
P.O. Box 30539
Salt Lake City, UT 84130

Discharge planning to the agency

Discharge planning begins on the day of admission to home health.

Elements to consider include:

- Discharge goal of the patient/family
- Available support system (willing and able)
- Holistic view of patient needs (physical, medical, social/cultural, mental/emotional, environmental)
- Palliative or hospice care needs
- Care alternatives to address potential barriers
- Need for higher level of care and related resources, such as Arizona Long Term Care System (ALTCS). To maintain a proactive approach, ALTCS applications should be addressed early and often throughout the patient's episode of care

Community admissions

Optum Care Network–Arizona has a program that allows patients to be admitted to preferred skilled nursing facilities directly from home.

The goal of this program is to prevent admissions or re-admissions to acute care facilities when care could be provided in a skilled nursing facility (SNF).

- Patients can go to any Optum Care Network–Arizona contracted SNF.
cdn-aem.optum.com/content/dam/optum3/optumcare3/resources/skilled-nursing-facilities.pdf

Please contact the Center for Service Coordination to assist in determining if an individual patient qualifies for community admission to a SNF.

- Phone: 1-623-293-9775
- Email: servicecoordination@optum.com
- professionals.optumcare.com/resources-clinicians/library/arizona-snf-form.html

Home health prior authorization:

This process is applicable for home health agencies contracted under a fee for service agreement.

Prior authorization is not required for the first 21 days of care during an initial episode. If additional visits are needed beyond day 21 for home health care services, a prior authorization is required.

The following documents are required for review:

- Completed prior authorization form:
- Plan of care
- Face to face encounter
- Dated verbal or physician-signed order
- Documentation supporting homebound status

To submit a prior authorization request, fax to: 1-888-992-2809 or submit via the provider portal:
secure.optumcare.com/provider/account/logon.

Medical management and Center for Service Coordination

Optum medical management programs provide high-touch care coordination within hospitals, skilled nursing facilities (SNFs) and members' homes. These programs work in collaboration with the member, the family/support system, providers and key stakeholders to coordinate discharge, health care services, community resources and referrals to the appropriate next level of care. These services are reviewed and processed by the Center for Service Coordination (CSC) team.

Medical management request process

To refer members to Optum medical management programs, submit a completed Optum request form via email to the CSC at servicecoordination@optum.com or fax to 1-888-405-2734. This form can be found as a writable, savable PDF on the Optum website under provider resources:

professionals.optumcare.com/resources-clinicians/arizona-clinician-resources.html

Requests will initiate a response within two business days unless otherwise indicated as urgent, for which we will respond within one business day.

Program availability is based on member's area of residence.

Medical management services

Optum nurse case managers

Our team of nurse case managers provides high-touch care coordination and case management. They work with patients, their support teams and providers to coordinate care, improve patients' self-management skills and help them access covered health services. The ultimate goal is to help patients better manage their health conditions, avoid unnecessary complications and achieve high-quality outcomes in the most appropriate care setting.

The role of our nurse case managers is to:

- Act in partnership with the PCP to support patients with complex needs
- Meet with patients at home, in provider offices, in the acute care setting or at the SNF
- Help patients decide on their health goals, including addressing advance directives and end-of-life care if appropriate
- Work with PCPs to address patients' health care needs and promote quality, cost-effective outcomes
- Assist with complex discharges, ensuring patients follow up with their PCP or specialist
- Complete medication reviews in collaboration with pharmacists and PCPs
- Help patients understand and access community resources and services

Optum social work case managers

The role of our social workers is to help:

- Coordinate community resources to address social service needs, such as financial resources, housing, transportation, placement and meal assistance
- Provide education and support to complete advanced directives and living wills
- Educate and empower patients in self-care and provider engagement
- Support patients and families through emotional adjustments to life changes

Post acute case managers

- Help utilization review in collaboration with an interdisciplinary team
- Ensure that patients are receiving the right care at the right time, working directly with the physician and SNF staff
- Visit patients during the SNF stay ensure patients can successfully transition to the appropriate next level of care
- Identify programs and services to support patient needs and goals
- Make post-discharge calls to patients, family members/care giver to ensure the discharge plan is successfully implemented to help reduce unnecessary readmissions

Complex case management

The Optum Care Network–Arizona complex case management (CCM) program facilitates appropriate health care services for the complex patient population across the continuum of care. The CCM program uses a holistic patient-centered model focused on care coordination, complex chronic condition management and education, medication adherence, lifestyle modification and access to available community and medical resources. The goals of the program are to:

- Support the patient to maintain functional status
- Reduce acute events through safe and effective transitions of care
- Slow further disease progression and prevent complications of chronic illness implemented to help reduce unnecessary readmissions

Diabetes disease management

Our diabetes program is designed to improve health outcomes for patients with diabetes. We take a proactive, population-based approach to managing diabetes.

- Interventions are based on having the right provider, right care, right medication and right lifestyle.
- Care is based on evidenced-based guidelines.
- Key components include educational support, self-management techniques, informed decision-making and support of the physician's treatment plan.

Medical behavioral integration (MBI)

The medical behavioral integration program is a specialized component of the nurse care management team that integrates a collaborative process to meet the member's medical and behavioral health needs. Our MBI nurses provide home and SNF-based patient visits for the purpose of evaluation and engagement in the MBI program. Our nurses provide ongoing follow up, evaluation, planning, implementation, and monitoring services. Our staff utilizes education, communication and all available resources to promote quality health outcomes.

Kidney resource services (KRS): End-stage renal disease

Kidney resource services (KRS) is part of our complex medical conditions management program. KRS offers specialty case management for members with chronic kidney disease (CKD) and end-stage renal disease (ESRD). Services include:

- Managing co-morbid conditions
- Dialysis coordination – focusing on reduction of infections, anemia, fluid and electrolyte imbalances
- In-person and telephonic case management for complex and high-risk cases

Transplant case management

Our transplant case management team helps patients through every step of the transplant process. Careful care coordination ensures patients get the right level of care at the right time. Transplant services include:

- Transplant notification
- Pre-transplant
- Post-transplant

Compliance

Notice of Medicare Non-Coverage (NOMNC)

The NOMNC must be delivered at least two calendar days prior to the last day covered.

The most current version of the standard CMS NOMNC form (Appendix C) is available online at:

[cms.gov/medicare/medicare-general-information/bni/maednotices.html](https://www.cms.gov/medicare/medicare-general-information/bni/maednotices.html)

Information required to complete the NOMNC form

- Agency name and contact information (including address and telephone number) must be at the top of the first page.
- Patient name and medical record number (Medicare ID, HIC or SSN may NOT be used).
- Date that services will end (last covered day, NOT date of discharge).
- Plan contact information section for Medicare Advantage patients.
- Patient's signature (or authorized representative if the patient is incompetent) and date of delivery.
- The representative may be notified by telephone. The agency must document telephone notification of the representative in the "Additional Information" section including:
 - Name and phone number of representative.
 - Date and time contacted.
 - Date patient's liability begins.
 - Appeal rights provided.
 - QIO telephone number provided to representative.
 - Date and time by which an immediate appeal must be requested.
 - The agency staff signature and telephone number.
- Messages left on the representative's voicemail do not constitute valid delivery. The agency must request that the representative call back to ensure full understanding of rights of appeal.
- NOMNC must also be mailed to the representative on the same day that verbal notification is given.

Documentation of unusual circumstances

- If a patient is not capable of signing the NOMNC, the representative is not available and the agency is unable to reach the representative by telephone, please follow the directions in the "CMS Form Instructions for the Notice of Medicare Non-Coverage."
- NOMNC is not required if the patient expires, signs onto hospice or returns to inpatient setting.

NOMNC submissions:

Optum Care Network–Arizona is required to retrieve Notice of Medicare Non-Coverage (NOMNC) letters. The home health agency must submit all NOMNCs to the Center for Service Coordination (CSC) at

1-888-405-2734 or secure email to servicecoordination@optum.com.

Home health appeals:

When a member files an appeal with the Quality Improvement Organization (QIO), Optum Care Network–Arizona is required to provide the member and the QIO with a Detailed Explanation of Non-Coverage (DENC) letter.

To complete this letter, Optum Care Network–Arizona requires home health agencies to submit a copy of the signed NOMNC and current records regarding the member’s medical and functional status. The home health agency must provide records within two hours of being notified of the appeal. This information may be faxed to **1-888-405-2734** or secure emailed to servicecoordination@optum.com.

Once the DENC is completed, it will be sent to the home health agency for delivery to the member. The member must receive the DENC in accordance with CMS regulations. It is an Optum Care Network–Arizona requirement that home health agencies complete the DENC Delivery Verification Form and fax to **1-888-405-2734** or secure email to servicecoordination@optum.com.

Authorized representative

In the event the patient (1) lacks capacity and is unable to act as her/his own decision maker; and (2) does not have a power of attorney, guardian or other legally authorized representative, the agency must follow CMS regulations and Arizona state statutes for the appointment of an authorized representative/surrogate decision maker. Designation of an AZ surrogate decision maker (Appendix E) and the relationship to the patient must be submitted with any NOMNC that is not signed by the patient/beneficiary.

For details on specific compliance areas, please see Appendices A–I:

- A. CMS instructions
- B. UnitedHealthcare® NOMNC
- C. Detailed Explanation of Non-Coverage (DENC)
- D. Detailed Explanation of Non-Coverage (DENC) delivery verification
- E. Arizona Surrogate Decision Maker Statute

Form Instructions for the Notice of Medicare Non-Coverage (NOMNC) CMS-10123

When to Deliver the NOMNC

A Medicare provider or health plan (Medicare Advantage plans and cost plans , collectively referred to as “plans”) must deliver a completed copy of the Notice of Medicare Non-Coverage (NOMNC) to beneficiaries/enrollees receiving covered skilled nursing, home health (including psychiatric home health), comprehensive outpatient rehabilitation facility, and hospice services.

The NOMNC must be delivered at least two calendar days before Medicare covered services end or the second to last day of service if care is not being provided daily.

Note: The two day advance requirement is not a 48 hour requirement.

This notice fulfills the requirement at 42 CFR 405.1200(b)(1) and (2) and 42 CFR 422.624(b)(1) and (2). Additional guidance for Original Medicare and Medicare Advantage can be found, respectively, at Chapter 4, Section 260 of the Medicare Claims Processing Manual and Chapter 13, Sections 90.2-90.9 of the Medicare Managed Care Manual.

Plans only:

In situations where the decision to terminate covered services is not delegated to a provider by a health plan, but the provider is delivering the notice, the health plan must provide the service termination date to the provider at least two calendar days before Medicare covered services end.

Provider Delivery of the NOMNC

Providers must deliver the NOMNC to all beneficiaries eligible for the expedited determination process per Chapter 4, Section 260 of the Medicare Claims Processing Manual and Chapter 13, Sections 90.2-90.9 of the Medicare Managed Care Manual. A NOMNC must be delivered even if the beneficiary agrees with the termination of services. Medicare providers are responsible for the delivery of the NOMNC. Providers may formally delegate the delivery of the notices to a designated agent such as a courier service; however, all of the requirements of valid notice delivery apply to designated agents.

The provider must ensure that the beneficiary or representative signs and dates the NOMNC to demonstrate that the beneficiary or representative received the notice and understands that the termination decision can be disputed. Use of assistive devices may be used to obtain a signature.

Electronic issuance of NOMNCs is not prohibited. If a provider elects to issue a NOMNC that is viewed on an electronic screen before signing, the beneficiary must be given the option of requesting paper issuance over electronic if that is what is preferred.

Regardless of whether a paper or electronic version is issued and regardless of whether the signature is digitally captured or manually penned, the beneficiary must be given a paper copy of the NOMNC, with the required beneficiary-specific information inserted, at the time of electronic notice delivery.

Notice Delivery to Representatives

CMS requires that notification of changes in coverage for an institutionalized beneficiary/enrollee who is not competent be made to a representative. Notification to the representative may be problematic because that person may not be available in person to acknowledge receipt of the required notification. Providers are required to develop procedures to use when the beneficiary/enrollee is incapable or incompetent, and the provider cannot obtain the signature of the enrollee's representative through direct personal contact. If the provider is personally unable to deliver a NOMNC to a person acting on behalf of an enrollee, then the provider should telephone the representative to advise him or her when the enrollee's services are no longer covered.

The date of the conversation is the date of the receipt of the notice. Confirm the telephone contact by written notice mailed on that same date. When direct phone contact cannot be made, send the notice to the representative by certified mail, return receipt requested. The date that someone at the representative's address signs (or refuses to sign) the receipt is the date of receipt. Place a dated copy of the notice in the enrollee's medical file. When notices are returned by the post office with no indication of a refusal date, then the enrollee's liability starts on the second working day after the provider's mailing date.

Exceptions

The following service terminations, reductions, or changes in care are not eligible for an expedited review. Providers should not deliver a NOMNC in these instances.

- When beneficiaries never received Medicare covered care in one of the covered settings (e.g., an admission to a SNF will not be covered due to the lack of a qualifying hospital stay or a face-to-face visit was not conducted for the initial episode of home health care).
- When services are being reduced (e.g., an HHA providing physical therapy and occupational therapy discontinues the occupational therapy).
- When beneficiaries are moving to a higher level of care (e.g., home health care ends because a beneficiary is admitted to a SNF).

- When beneficiaries exhaust their benefits (e.g., a beneficiary reaches 100 days of coverage in a SNF, thus exhausting their Medicare Part A SNF benefit).
- When beneficiaries end care on their own initiative (e.g., a beneficiary decides to revoke the hospice benefit and return to standard Medicare coverage).
- When a beneficiary transfers to another provider at the same level of care (e.g., a beneficiary transfers from one SNF to another while remaining in a Medicare-covered SNF stay).
- When a provider discontinues care for business reasons (e.g., an HHA refuses to continue care at a home with a dangerous animal or because the beneficiary was receiving physical therapy and the provider's physical therapist leaves the HHA for another job).

Plans Only:

If a member requests coverage in the above situations, the plan must issue the CMS form 10003 - Notice of Denial of Medical Coverage.

Alterations to the NOMNC

The NOMNC must remain two pages. The notice can be two sides of one page or one side of two separate pages, but **must not** be condensed to one page.

Providers may include their business logo and contact information on the top of the NOMNC. Text may not be moved from page 1 to page 2 to accommodate large logos, address headers, etc.

Providers may include information in the optional "Additional Information" section relevant to the beneficiary's situation.

Note: Including information normally included in the Detailed Explanation of Non-Coverage (DENC) in the "Additional Information" section does not satisfy the responsibility to deliver the DENC, if otherwise required.

Heading

Contact information: The name, address and telephone number of the provider that delivers the notice must appear above the title of the form. The provider's registered logo may be used.

Member number: Providers may fill in the beneficiary's/enrollee's unique medical record or other identification number. The beneficiary's/enrollee's HIC number must not be used.

THE EFFECTIVE DATE YOUR {INSERT TYPE} SERVICES WILL END: {Insert Effective Date}: Fill in the type of services ending, **{home health, skilled nursing, comprehensive outpatient rehabilitation services, or hospice}** and the actual date the service will end. Note that the date should be in no less than 12-point type. If handwritten, notice entries must be at least as large as 12- point type and legible.

YOUR RIGHT TO APPEAL THIS DECISION

Bullet # 1 not applicable

Bullet # 2 not applicable

Bullet # 3 not applicable

Bullet # 4 not applicable

Bullet # 5 not applicable

HOW TO ASK FOR AN IMMEDIATE APPEAL

Bullet # 1 not applicable

Bullet # 2 not applicable

Bullet # 3 not applicable

Bullet # 4 Insert the name and telephone numbers (including TTY) of the applicable QIO in no less than 12-point type.

Signature page:

Plan contact information (Plans only): The plan's name and contact information must be displayed here for the enrollee's use in case an expedited appeal is requested or in the event the enrollee or QIO seeks the plan's identification.

Optional: Additional information. This section provides space for additional pertinent information that may be useful to the enrollee. It may not be used as a

Detailed Explanation of Non-Coverage, even if facts pertinent to the termination decision are provided.

Signature line: The beneficiary/enrollee or the representative must sign this line.

Date: The beneficiary/enrollee or the representative must fill in the date that he or she signs the document. If the document is delivered, but the enrollee or the representative refuses to sign on the delivery date, then annotate the case file to indicate the date that the form was delivered.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is **0938-xxxx**. The time required to complete this information collection is estimated to average **15 minutes** per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have comments concerning the accuracy of the time estimate or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attention: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

Notice of Medicare Non-Coverage

Patient name:

Patient number:

**The Effective Date Coverage of Your Current SKILLED
Services Will End:**

- Your Medicare provider and/or health plan have determined that Medicare probably will not pay for your current {insert type} services after the effective date indicated above.
 - You may have to pay for any services you receive after the above date.
-

Your Right to Appeal This Decision

- You have the right to an immediate, independent medical review (appeal) of the decision to end Medicare coverage of these services. Your services will continue during the appeal.
 - If you choose to appeal, the independent reviewer will ask for your opinion. The reviewer also will look at your medical records and/or other relevant information. You do not have to prepare anything in writing, but you have the right to do so if you wish.
 - If you choose to appeal, you and the independent reviewer will each receive a copy of the detailed explanation about why your coverage for services should not continue. You will receive this detailed notice only after you request an appeal.
 - If you choose to appeal, and the independent reviewer agrees services should no longer be covered after the effective date indicated above;
 - Neither Medicare nor your plan will pay for these services after that date.
 - If you stop services no later than the effective date indicated above, you will avoid financial liability.
-

How to Ask For an Immediate Appeal

- You must make your request to your Quality Improvement Organization (also known as a QIO). A QIO is the independent reviewer authorized by Medicare to review the decision to end these services.
- Your request for an immediate appeal should be made as soon as possible, but no later than noon of the day before the effective date indicated above.
- The QIO will notify you of its decision as soon as possible, generally no later than two days after the effective date of this notice if you are in Original Medicare. If you are in a Medicare health plan, the QIO generally will notify you of its decision by the effective date of this notice.
- Call your QIO at: Livanta at 1-877-588-1123 (TTY: 1-855-887-6668) to appeal, or if you have questions.

See page 2 of this notice for more information.

If You Miss The Deadline to Request An Immediate Appeal, You May Have Other Appeal Rights:

- If you have Original Medicare: Call the QIO listed on page 1.
- If you belong to a Medicare health plan: Call your plan at the number given below.

Arizona Surrogate Decision Maker Statute

36-3231. Surrogate decision makers; priorities; limitations

A. If an adult patient is unable to make or communicate health care treatment decisions, a health care provider shall make a reasonable effort to locate and shall follow a health care directive. A health care provider shall also make a reasonable effort to consult with a surrogate. If the patient has a health care power of attorney that meets the requirements of section 36-3221, the patient's designated agent shall act as the patient's surrogate. However, if the court appoints a guardian for the express purpose of making health care treatment decisions, that guardian shall act as the patient's surrogate. If neither of these situations applies, the health care provider shall make reasonable efforts to contact the following individual or individuals in the indicated order of priority, who are available and willing to serve as the surrogate, who then have the authority to make health care decisions for the patient and who shall follow the patient's wishes if they are known:

1. The patient's spouse, unless the patient and spouse are legally separated.
2. An adult child of the patient. If the patient has more than one adult child, the health care provider shall seek the consent of a majority of the adult children who are reasonably available for consultation.
3. A parent of the patient.
4. If the patient is unmarried, the patient's domestic partner.
5. A brother or sister of the patient.
6. A close friend of the patient. For the purposes of this paragraph, "close friend" means an adult who has exhibited special care and concern for the patient, who is familiar with the patient's health care views and desires and who is willing and able to become involved in the patient's health care and to act in the patient's best interest.

B. If the health care provider cannot locate any of the people listed in subsection A of this section, the patient's attending physician may make health care treatment decisions for the patient after the physician consults with and obtains the recommendations of an institutional ethics committee. If this is not possible, the physician may make these decisions after consulting with a second physician who concurs with the physician's decision. For the purposes of this subsection, "institutional ethics committee" means a standing committee of a licensed health care institution appointed or elected to render advice concerning ethical issues involving medical treatment.

C. A person who makes a good faith medical decision pursuant to this section is immune from liability to the same extent and under the same conditions as prescribed in section 36-3205.

D. A surrogate may make decisions about mental health care treatment on behalf of a patient if the patient is found incapable. However, a surrogate who is not the patient's agent or guardian shall not make decisions to admit the patient to an inpatient psychiatric facility

<http://www.azleg.gov/ars/36/03231.htm>

licensed by the department of health services, except as provided in subsection E of this section or section 14-5312.01, 14-5312.02 or 36-3281.

E. If the admitting officer for a mental health care provider has reasonable cause to believe after examination that the patient is incapable as defined in section 36-3281 and is likely to suffer serious physical harm or serious illness or to inflict serious physical harm on another person without immediate hospitalization, the patient may be admitted for inpatient treatment in an inpatient psychiatric facility based on informed consent given by any surrogate identified in subsection A of this section. The patient shall be discharged if a petition for court ordered evaluation or for temporary guardianship requesting authority for the guardian to consent to admission to an inpatient psychiatric facility has not been filed within forty-eight hours of admission or on the following court day if the forty-eight hours expires on a weekend or holiday. The discharge requirement prescribed in this section does not apply if the patient has given informed consent to voluntary treatment or if a mental health care provider is prohibited from discharging the patient under federal law.

Medicare Compliance

Expectations and training

The Centers for Medicare & Medicaid Services (CMS) requires Medicare Advantage (MA) Organizations and Part D Plan Sponsors to annually communicate specific Compliance and FWA requirements to their “first tier, downstream, and related entities” (FDRs). FDRs include contracted physicians, health care professionals, facilities and ancillary providers, as well as delegates, contractors, and related parties.

As a delegate that performs administrative or health care services, CMS and other federal or state regulators require that you and your employees meet certain FWA and general compliance requirements. FDRs are expected to have an effective compliance program, which includes training and education to address FWA and compliance knowledge. As of Jan. 1, 2019, FDRs are no longer required to complete the specific CMS FWA training modules or retain documentation of the training. However, Optum Care Network–Arizona’s expectation remains that FDRs, and their employees, are sufficiently trained to identify, prevent and report incidents of non-compliance and FWA. This includes temporary workers and volunteers, the CEO, senior administrators or managers, and subdelegates who are involved in or responsible for the administration or delivery of UnitedHealthcare MA or Part D benefits or services.

We have general compliance training and FWA resources available at www.unitedhealthgroup.com.

What you need to do

Provide FWA and General Compliance training to employees and contractors of the FDR working on MA and Part D programs. Administer FWA and General Compliance training annually and within 90 days of hire for new employees.

Exclusion checks: FDRs must review federal exclusion lists (HHS-OIG and GSA) and state exclusion lists, as applicable, prior to hiring/contracting with employees (including temporary workers and volunteers), the CEO, senior administrators or managers, and subdelegates who have involvement in or responsibility for the administration or delivery of UnitedHealthcare or other MA plan sponsor and Part D benefits or services to make sure that none are excluded from participating in federal health care programs. FDRs must continue to review the federal and state exclusion lists on a monthly basis thereafter. For more information or access to the publicly accessible excluded party online databases, please see the following links:

- Health and Human Services — Office of the Inspector General OIG List of Excluded Individuals and Entities (LEIE) at oig.hhs.gov
- General Services Administration (GSA) System for Award Management at SAM.gov

What you need to do for exclusion checks: Review applicable exclusion lists as outlined above and maintain a record of exclusion checks for 10 years. Documentation of the exclusion checks may be requested by Optum, UnitedHealthcare, other MA plan sponsor or CMS to verify that checks were completed.

Reporting misconduct

If you identify compliance issues and/or potential fraud, waste, or abuse, please report it to us immediately so that we can investigate and respond appropriately. Please see the Reporting Misconduct section of the UnitedHealth Group Code of Conduct. Reports may be made anonymously, where permitted by law at www.unitedhealthgroup.com/about/ethics-integrity.html. Optum expressly prohibits retaliation if a report is made in good faith.

Optum Care Network–Arizona reserves the right to supplement this guide to ensure that its information and terms and conditions remain in compliance with all governing Center for Medicare Service (CMS) regulations and relevant federal and state laws. This guide will be amended as needed.

Preclusion List Policy

The Centers for Medicare and Medicaid Services (CMS) has a Preclusion List effective for claims with dates of service on or after January 1, 2020. The Preclusion List applies to both MA plans as well as Part D plans. The Preclusion List is comprised of a list of prescribers and individuals or entities who:

- Are revoked from Medicare, are under an active reenrollment bar, and CMS has determined that the underlying conduct that led to the revocation is detrimental to the best interests of the Medicare program; or
- Have engaged in behavior for which CMS could have revoked the prescriber, individual or entity to the extent possible if they had been enrolled in Medicare and that the underlying conduct that would have led to the revocation is detrimental to the best interests of the Medicare program.
- Have been convicted of a felony under federal or state law within the previous 10 years and that CMS deems detrimental to the best interests of the Medicare program.

Care providers receive a letter from CMS notifying them of their placement on the Preclusion List. They have the opportunity to appeal with CMS before the preclusion is effective. There is no opportunity to appeal with Optum Care Network–Arizona.

CMS updates the Preclusion List monthly and notifies MA and Part D plans of the claim rejection date, the date upon which we reject or deny a care provider's claims due to precluded status. Once the claim-rejection date is effective, a precluded care provider's claims will no longer be paid, pharmacy claims will be rejected, and the care provider will be terminated from the Optum Care Network–Arizona. Additionally, the precluded care provider must hold Medicare beneficiaries harmless from financial liability for services provided on or after the claim rejection.
